INTRODUCTION

LATE PARIKSHIT KULKARNI EDUCATION SOCIETY is a multi-objective Trust central government registered organization & and a team of like-minded, highly educated & motivated professionals & and humanists from various fields of development who are committed to working for the welfare & and development of society through an empathetic approach & to intense ground-level activities across various field of public importance like health, education, environment, women empowerment, & many more. We are multi multi-objective organization & so we work in each sector of public importance with collaboration with other organizations & and individuals and whatever available resources so that we can help many lives & and bring positive sustainable change on a larger scale. An ideal way to construct a prosperous nation is by educating the kids. This idea Thinking of society is also changing slowly. More and more no. of women are getting a quality education. But the true meaning of women's empowerment will be achieved when gender inequality is eliminated. We need to give equal opportunities to women for equal pay, and equal respect as equal to men.

PRIMARY GOALS

LATE PARIKSHIT KULKARNI EDUCATION SOCIETY has a clear directive of reaching out to the underprivileged rural and urban youth and inculcating in them a spirit of reaching heights with whatever resources they have. We aim to help rural youth have that escape velocity that causes them to escape the gravitational pull that holds them back and the propensity to believe that achieving heights is not our cup of tea but of the rich and the belief that all the comforts are meant for the elite, we are here to break this myth. The ideology that **drives LATE PARIKSHIT KULKARNI EDUCATION SOCIETY** is based on the non-negotiable principle that every person should have access to quality formal education as a matter of right. Apart from academics, we emphasize greatly the significance of vocational training and life skills, thus working towards providing employable industry training skills to the unemployed youth of society. Its focus groups include youth belonging to rural and urban Below Poverty Line (BPL) youth and women. The focus on mainstreaming i.e. education with employability is the root of our philosophy. The expertise of the Global Welfare Society lies in working with the marginalized community. Considerably that is also, one of the major sectors, where maximum intervention is needed. They are also the communities, which have time and again been excluded from the purview and scope of national programs that have otherwise claimed major impact.

NOTICE

LATE PARIKSHIT KULKARNI EDUCATION SOCIETY has been working for the underprivileged women of **MAHARASTRA**, especially the needy children and women, for the past one and a half years. As a women's development organization, we welcome all well-wishers and volunteers in our desire to enlighten the unfortunate and destitute by getting cooperation from different corners of the world.

We are a society devoted to achieving our "health" mission. Our team has a common vision of reaching the unreached and untouched practically. From the beginning, we are trying to provide housemakers and unemployed youths a platform where they can support their family.

All our activities and plans have run smoothly because of the help and support of our kindest donors, volunteers, and active members. We are very much grateful to them and hope they will be with us on this journey.

Message from the director

HAS A CLEAR DIRECTIVE OF REACHING OUT TO THE UNDERPRIVILEGED RURAL AND URBAN YOUTH AND INCULCATING IN THEM A SPIRIT OF REACHING HEIGHTS WITH WHATEVER RESOURCES THEY HAVE. WE AIM TO HELP RURAL YOUTH HAVE THAT ESCAPE VELOCITY THAT CAUSES THEM TO ESCAPE THE GRAVITATIONAL PULL THAT HOLDS THEM BACK AND THE PROPENSITY TO BELIEVE THAT ACHIEVING HEIGHTS IS NOT OUR CUP OF TEA BUT OF THE RICH AND THE BELIEF THAT ALL THE COMFORTS ARE MEANT FOR THE ELITE, WE ARE HERE TO BREAK THIS MONTH. THE IDEOLOGY THAT DRIVES **LATE PARIKSHIT KULKARNI EDUCATION SOCIETY** IS BASED ON THE NON-NEGOTIABLE PRINCIPLE THAT EVERY PERSON SHOULD HAVE ACCESS TO QUALITY FORMAL EDUCATION AS A MATTER OF RIGHT. APART FROM ACADEMICS, WE EMPHASIZE GREATLY ON THE SIGNIFICANCE OF VOCATIONAL TRAINING AND LIFE SKILLS, THUS WORKING TOWARDS PROVIDING EMPLOYABLE INDUSTRY TRAINING SKILLS TO THE UNEMPLOYED YOUTH OF THE SOCIETY. ITS FOCUS GROUPS INCLUDE YOUTH BELONGING TO RURAL AND URBAN BELOW POVERTY LINE (BPL) YOUTH AND WOMEN. THE FOCUS ON MAINSTREAMING I.E. EDUCATION WITH EMPLOYABILITY IS THE ROOT OF OUR PHILOSOPHY. THE EXPERTISE OF THE GLOBAL WELFARE SOCIETY LIES IN WORKING WITH THE MARGINALIZED COMMUNITY. CONSIDERABLY THAT IS ALSO, ONE OF THE MAJOR SECTORS, WHERE MAXIMUM INTERVENTION IS NEEDED. THEY ARE ALSO THE COMMUNITIES, WHICH HAVE TIME AND AGAIN BEEN EXCLUDED FROM THE PURVIEW AND SCOPE OF NATIONAL PROGRAMS THAT HAVE OTHERWISE CLAIMED MAJOR IMPACT. INCULCATING

CORE VALUES

Core values are the deeply ingrained principles that guide all of a company's actions; they serve as its cultural cornerstones. Collins and Porras succinctly define core values as being inherent and sacrosanct; they can never be compromised, either for convenience or short-term economic gain.
