# Introduction

The dedication of the LATE PARIKSHIT KULKARNI EDUCATION SOCIETY to the welfare and development of society through a multi-objective approach is commendable. Their focus on various sectors, including health, education, environment, and women empowerment, reflects a commitment to positive and sustainable change.

The society's emphasis on collaboration with other organizations and individuals demonstrates a holistic and inclusive approach to problem-solving. By efficiently utilizing available resources, they are making a significant impact on a larger scale, showcasing a strategic and impactful approach.

Recognizing education, especially for children, as a key element in building a prosperous nation aligns with widely accepted principles. Education plays a pivotal role in shaping the future and ensuring societal well being

The society's perspective on women's empowerment is crucial, acknowledging progress in providing quality education to women. The call to eliminate gender inequality, provide equal opportunities, pay, and respect is a powerful message. True empowerment involves creating an environment where women are treated fairly and equally in all aspects of life. It's encouraging to witness organizations like the **LATE PARIKSHIT KULKARNI EDUCATION SOCIETY** working towards these noble goals, contributing to the betterment of society. Keep up the good work!

# Primary Goals

**LATE PARIKSHIT KULKARNI EDUCATION SOCIETY** has a clear directive of reaching out to the underprivileged rural and urban youth and inculcating in them a spirit of reaching heights with whatever resources they have. We aim to help rural youth have that escape velocity that causes them to escape the gravitational pull that holds them back and the propensity to believe that achieving heights is not our cup of tea but of the rich and the belief that all the comforts are meant for the elite, we are here to break this myth.

**LATE PARIKSHIT KULKARNI EDUCATION SOCIETY** is based on the non-negotiable principle that every person should have access to quality formal education as a matter of right. Apart from academics, we emphasize greatly the significance of vocational training and life skills, thus working towards providing employable industry training skills to the unemployed youth of society. Its focus groups include youth belonging to rural and urban Below Poverty Line (BPL) youth and women. The focus on mainstreaming i.e. education with employability is the root of our philosophy. The expertise of the Global Welfare Society lies in working with the marginalized community. Considerably that is also, one of the major sectors, where maximum intervention is needed. They are also the communities, which have time and again been excluded from the purview and scope of national programs that have otherwise claimed major impact.

# Notice

**LATE PARIKSHIT KULKARNI EDUCATION SOCIETY** has been working for the underprivileged women of MAHARASTRA, especially the needy children and women, for the past one and a half years. As a women's development organization, we welcome all well-wishers and volunteers in our desire to enlighten the unfortunate and destitute by getting cooperation from different corners of the world.

We are a society devoted to achieving our "health" mission. Our team has a common vision of reaching the unreached and untouched practically. From the beginning, we are trying to provide housemakers and unemployed youths a platform where they can support their family.

All our activities and plans have run smoothly because of the help and support of our kindest donors, volunteers, and active members. We are very much grateful to them and hope they will be with us on this journey

# About US

The LATE PARIKSHIT KULKARNI EDUCATION SOCIETY serves as a guiding light, unwavering in its commitment to ignite profound change within the community and the natural world. With a steadfast mission, the society is dedicated to fostering all-encompassing growth in individuals, paving the way for a more brilliant and sustainable future for everyone.

In the spirit of this commitment, the LATE PARIKSHIT KULKARNI EDUCATION SOCIETY actively supports and spearheads initiatives aimed at saving the environment and addressing social issues. This is achieved through the organization of awareness programs and camps, reflecting a proactive approach to creating a positive impact and eliminating pressing societal concerns.

The society's resolute dedication centers on creating a trail toward a future marked by brilliance and sustainability. By combining education with environmental and social initiatives, the LATE PARIKSHIT KULKARNI EDUCATION SOCIETY embodies a holistic vision for community development and a commitment to a better world for all. We are serving the society in various sectors like Health, Women and Child development , Tribal, Social Awareness for various Topics , Women Empowerment and various other departments from last 13 years .

# Message from Directors

The LATE PARIKSHIT KULKARNI EDUCATION SOCIETY has a clear directive to reach out to underprivileged youth in both rural and urban areas, instilling in them a spirit of reaching heights with the resources they have. The society aims to empower rural youth, providing them with the escape velocity needed to break free from the gravitational pull that holds them back. It challenges the notion that achieving success is reserved for the affluent and endeavors to dispel the belief that comforts are exclusively meant for the elite.

The society's ideology is rooted in the non-negotiable principle that every person should have access to quality formal education as a fundamental right. Beyond academics, there is a strong emphasis on vocational training and life skills, with a focus on providing employable industry training to unemployed youth, particularly those below the poverty line in both rural and urban areas.

The primary focus groups include youth and women belonging to economically disadvantaged backgrounds. Through this holistic approach, the LATE PARIKSHIT KULKARNI EDUCATION SOCIETY seeks to mainstream education and skill development, working towards creating opportunities for a brighter future for the marginalized sections of society.

# Our Team

Late Parikshit Kulkarni Education Society  
Rahuri, Dist. Ahmednagar

# Health Camp in Tribal Area

Organizing a Women's Health Camp in a tribal area within a rural setting is a vital and nuanced initiative that recognizes the unique health challenges faced by women in these communities. This comprehensive healthcare endeavor is designed to address not only the specific medical needs of women but also the broader socio-cultural factors that influence their well-being.

At the forefront of the Women's Health Camp is the provision of specialized healthcare services tailored to the distinct health concerns of women in tribal areas. This includes gynecological screenings, maternal health check-ups, family planning services, and vaccinations. We have distributed sanitary pads, medicines and other health related things to them. Given the often limited access to regular healthcare facilities, the camp serves as a critical platform for women to receive comprehensive and preventive care.

# Tress plantation and donation on earth day

Our Society has started an new initiative for rural and urban people to become 'Tree- Mitra' as we donate or help them with the plan or seeds and they will do the plantation with US and they will take care of the tree .

We have donated around 347 plants and seeds for the Earth day celebration and planted 45 tress by our society.

# Health awareness program on Radio station in Rural area

We have arranged the awareness programs for health and women hygiene on radio by our health experts for the rural area in the program our experts have guided society for infectious disease , diabetes , social hygiene and various things.

Our experts also guided for Dental and oral hygiene .

# Training session for Doctors

We have organized a training program for the medical students regarding the scope for medical practices .

The seminar was conducted in medical college and our experts have guided the students regarding medico legal activities in practice .

The seminar was also about the guidance for carrier and opportunities in abroad countries.

# Youth development program

Youths are the future of India we have good number of youths but we have to create skillful youths and educated youths. For this we conducted youth development **camps at Rahuri**. Our Organization has arranged the matches for youth (boys and girls) With the co-operation of municipal members from the respective wards. Prizes were distributed at the end of tournament. In the last, lectures were delivered by the guest lectures on personality development and good leadership qualities among 210 youth. The program was ended by the vote of thanks by our President of organization.

# Workshop on government livelihood entitlements:

To increase knowledge on the existing schemes available for tribal and other disadvantaged communities in the tribal region of Maharashtra. The project will involve officials from agricultural, Horticultural department

## Skill Development training for women

The project proposes to organize skill building trainings, if needed, once the alternate livelihood opportunities are identified and finalized by the groups. Specially the training to be organized dairy farm, goat rearing, poultry farm, Community fair shops and leaf plate making. we organized this program at **Rahuri**.
